METCALF SAFE, BUT TWO MORE

Secretary of the Navy and Family Are at Fortress Monroe:

NEW MISHAP REPORTED.

Launch of the Destroyer Worden, With Two Men Aboard, Is Missing.

(Special to The Evening World.) NORFOLK, Va., June 12.-The superhaunch containing two men from the set teen since the arrival at Hampton insisted that none of This includes the eleven lost in or young, shall be slighted. the launch of the battle-ship Minnesota

The Worden's launch left Newport News for the vessel lying off Pine Beach early to-day. The two seamen abourd had had thouble with the engine, but said they thought they could make who have married titles. the ship. There was a high sea run-

party arrived safely at Fortress Monroe this afternoon from their trip up the James River in the lighthouse-tender satin, with old point lace. A diamond Maple. They were missing since late buckle catches up the lace in the back last night and the gravest alarm was of the gown. She will wear an expen-

felt for their safety.

When the vessel did not make her appearance up to midnight no partigular alarm was felt because the James River is well supplied with mudbanks, and it was supposed she had run aground at some point where communication with Nerfolk could not be established. On April T the President was nearly twenty hours making the round trip valley. twenty hours making the round trip valley.
from Norfolk to the Island.
Austi

All hope that any of the midshipmen as best man, and the ushers will be or sallors who started in the Minnesota's Stuyvesant Fish, jr., and Sidney Fish, launch for the fleet on Monday night escaped with their lives has been abandoned. Admiral Evans has officially notified the Navy Department that the eleven men were drowned. The latest report is that the lunch was run latest report is that the lunch was run (Clark F. R. Maryin Kenneth T. Rudd.) down by a tug towing a coal barge. Clark, E. R. Marvin, Kenneth T. Budd, The tug is said to have stopped after Philip Livermore, J. L. Lovering and the collision and thrown a searchlight S. Bartlett of Boston.

Take Care Where You Cast Your Hook If You Are Particular What You Catch.

ID you ever walk into a "taker district ' Auctio Room and see a shrewd Auctioneer put "something" (no body is supposed to know what) in a plush-lined box and sell the "something" for whatever the highest bidder will offer? It's done every day. Scores stand ready to buy "bargain" (?) of this kind. The

American public, history shows, wants to "take a chance." But is this reckless expenditure of hard-earned savings advisable Then, again, you see well-to-do business men and crumb-savin housewives "taking chances" with "guess-what-I'm-worth" advertisin mediums. Of course they hope to "discover" a publicity channel of great result-pulling power in which advertising space costs "less" than a well-known, reliable medium charges. But when the advertising "surprise package" is opened—what is found inside? Nothing, as rule, but the kernel of sad experience. It's then one stops to think that were the advertising medium speculated upon of any value i would have been "found out" long ago by other "experimentalists" and would be getting a higher advertising rate for a higher class of service.

DURING THE LAST TWO WEEK DAYS 7,486 PERSONS ADVERTISED IN THE WORLD-1.245 MORE THAN IN THE HERALD AND AMERICAN COMBINED.

Why not profit by the experience of others when advertising n the future?

over the surrounding waters, but those on board saw no signs of life or wreckage, and resumed their course.

The launch was of the latest construction, with airtight compartments, and was unsinkable in a storm or an ordinary collision. The idea that the boiler exploded has been advanced by some seamen, but the officers do not entertain it.

St. Bartholomew's Church was transformed into a fairy flower land. Fiaring floral flambeaux were set along flower made up of white and pink peonles, while the altar was grouped with towering palms, intermingled with peonles of pink and white.

Mrs. Stuyvesant Fish directed that after the ceremony the thousands of flowers shall be taken to the patients in Bellevue Hospital.

shoulder, attempted to board a moving Brighton Beach train bound for the bridge at Brighton Beach Park, Coney Island, this afternoon. He missed his hold and fell to the ground at the side of the track. One car cleared him, but the contact shoe on the car following struck him on the head as he stringied to get to a place of safety, and killed him instantly.

From papers found in his pocket the police were convinced that he was Heriot Brooklyn.

This Wonderful

It is the Lambert Snyder Vibrator. 7 Days' Trial. Money Back if Not Satisfied.

When you hurt yourself you instinctively rub the spot. When your ead aches you rub your temples. Why? Because vibration is Nature's wn remedy, and rubbing is Nature's crude way of creating vibration nd starting the blood to going. Disease is only another name for conestion. Where there is disease or pain there you will find the blood ongested and stagnant. There can be no pain or disease where the red blood flows in a rich and steady stream. Good circulation means good health. Congested circulation means disease and pain.

The Lambert Snyder Vibrator

s the greatest medical discovery of the Twentieth Century; is a light, compact instrument, weighs twenty ounces, can be operated by your-celf with one hand by moving the steel head over the rigid steel rod. nd can be placed in contact with any part of the body, and is capable f giving from 9,000 to 15,000 vibrations per minute—100 times more han is possible with the most expert master of massage.

It is Nature's own remedy developed and concentrated, and with one minute's use sends the red blood rushing into the congested parts,

No Drugs, Plasters or Electricity, Simply Vibration.

There is Only One Disease, Congestion. There is Only One CURE, Circulation.

Stagnant water is impure and breeds sickness and foul insects; a rippling brook is always pure, clear, clean and healthy.

• Indorsed by 6,000 Physicians.

The Lambert Snyder Viorator is used and indorsed by more than 6,000 physicians because it is based on scientific principles of health. t cures by removing the cause, forcing the red blood through the con-

What It Does to Disease and Pain

Rheumatism, Sciatica, Lumbago, Gout, etc., are caused by aric acid in the blood in the form of grate of soda. This acid, through poor circulation at some particular part, gets stopped on its way through the system and, congregating, causes pain. Apply the Vibrator to the spot and you will relieve the congestion and get relief at once. By using the Vibrator regularly your system is toned up, so that your blood circulates freely and drives the acid out through the pores of the skin.

Desiness, Head Noises, Ringing in the Ears, in most cases, a caused by the thickening of the inner membrane through catarrh or life. To cure this vibration is the only thing, as it is the only way to reach the inner ear drum and loosen up the hard wax or foreign matter, so sound may penetrate to the drain

Stomach Trouble, Indigestion, Constipation, etc., are caused the food not properly digesting; it lacks necessary saliva and gastric clees, thus creating congestion in the stomach, forming gases, causing

Apply the Vibrator to the stomach; it settles the food down, reases the gases, regulates the action and brings about relief instantly.

Development of the Bust.

An undeveloped bust is brought about by poor nourishment; generally through tight lacing, lack of exercise or run-down health. The blood, not penetrating all these parts, soon allows the bust to become flat and lifeless. Apply the Vibrator a few minutes each day, and your breast, neck and arms soon fill and become firm, round and beaithy.
It forces the blood through the famished parts.

THE LAMBERT SNYDER VIBRATOR will give marvellou
